- 7) You will then receive a confirmation of creation of your new sub account. Click “Done” to confirm the new account. Your new sub account will have a brand new account number, but if you want to customize your sub account with a nickname to help keep track of it, then continue to step 8 below.

A screenshot of a mobile application interface. At the top, the status bar shows the time 12:57, signal strength, 5G connectivity, and battery level. The app header is black with a white 'X' icon and the text 'Open a Sub-share'. Below the header is a green banner with white text: 'Your SECONDARY SHARES share with ID of 0011 has been successfully created.' The main content area is black. Under the heading 'Share information', there are two rows: 'Share type' with the value 'SECONDARY SHARES' and 'Share ID' with the value '0011'. Below this is a section titled 'Funding' with the text 'Fund at a later date'. At the bottom of the screen is a large green button with the white text 'Done'.

- 8) If you wish to put a nickname on your account to help keep track of it, you will first locate the sub account you are wishing to nickname. You will then click on that account. Once you have opened that account, you will click on “Settings”.

- 9) You will then select "Rename". Please note that if you wish to receive alerts on this account, then you may do so by clicking on "Alerts" and following the prompts. On the next screen you will then type in the nickname for your new sub account and click "Save". Please note you only have 16 characters available. You have now created and nicknamed a new sub account!
